

# The 2012 / 2013 Parent Association Fundraising Menu

## **Monetary Donation – Annual Appeal**

As a charter school, LVPA receives 25% less in funding to pay for your child's education. That translates into almost a \$3,000 deficit per student. A financial gift is needed to help fill that gap. Please fill out the pledge form included and mail it back to LVPA with a family commitment to help the school. \$225 from each family will fulfill the \$100,000.00 the Parent Association has been asked to raise for the school.

**If making one donation is difficult for your family, please commit to a monthly donation.** This is easy to do. Please go to our website at [lvpa.org](http://lvpa.org) and click the **donate now** button. You will be asked to donate to the annual campaign and can click the recurring donation option to set the amount and frequency of your gift. If you prefer not to use a credit card, you can also commit to sending a monthly check to the school. \$20 a month can make a big difference for the school. Please fill out the accompanying form and mail it to the school.

**Please give according to your means. If you can make a larger donation to LVPA than \$225, your donation will be gratefully accepted and will help us provide more for your child.**
