saludos

Hola, soy la Maestra Carías. Bienvenid@s a su trabajo de verano.

The purpose of summer work for the Honors Intensive Practice course is to keep you engaged in Spanish over the Summer months. Language is best retained when used and practiced. This course is intended to further your proficiency and prepare you for either the AP Spanish Language & Culture course or college-level Spanish. In order to do this, we need to minimize review time at the beginning of the school year and the best way is to have you do some minimal work over the summer months.

Instructions

1. Read the book Selena. I have uploaded a PDF version of the book. The book is divided into chapters.
2. Complete the assignments corresponding to each chapter posted on classwork. (There are 5 assignments in total).
3. Do your best. Put lots of effort into your reading and writing.

Grades

Your assignments will be graded. The grade will not be based on how many things you have right/wrong. It will be based on effort and intention to learn. It can be very easy to do well if you just put in an effort to do good work! Each assignment will be worth 20 points. Your first grade of Q1 will be a 100 point grade consisting of all of the assignment grades added together.

Screencastify Resource

For each assignment I will release a Screencastify video of me reading the story. This will help you with pronunciation and listening skills.
