

Last year, Charter Arts began using **Suite360** to support student growth in Social-Emotional Skills. This year, we have expanded our programming to include resources for families and educators!

Suite360 promotes students, teachers, and families in developing social-emotional skills and life skills.

These skills include:

- Self-awareness
- Self-management
- Social awareness
- Relationship skills
- Responsible decision making
- Emotional health
- Safety
- And more!

For more information on what social-emotional learning is, watch this [short video](#).

Access our resources by following the instructions below:

Announcing **Suite360**

Social and emotional learning for your child and great tips for you!

A year-long curriculum designed to help all students develop a range of key life-skills: self-awareness, relationship skills, responsible decision-making, emotional health, safety, and more. . .
